- 1 AN ACT *to amend* 36.27 (3m) (b) (intro.), 36.27 (3m) (b) 1., 36.27 (3m) (c) and 38.24
- 2 (5) (b) 1. of the statutes; **relating to:** fee remissions for certain University of
- 3 Wisconsin System and technical college students.

***Analysis by the Legislative Reference Bureau***

services

Current law requires the Board of Regents of the University of Wisconsin (UW) System to grant full remission of fees to resident undergraduate students who are spouses or children of the following who are killed in the line of duty or die as a result of a qualifying disability: ambulance drivers, correctional officers, fire fighters, emergency medical technicians, and law enforcement officers. The fee remission remains in effect until the student completes a sufficient number of credits for a bachelor's degree, except that the student may not receive a remission for more than five consecutive years. Similar requirements apply to resident technical college students. The fee remission for a technical college student remains in effect until completion of a sufficient number of credits to complete the program in which the student is enrolled, except that a student may not receive a remission for more than three consecutive years.

Under current law, the UW and technical college remissions described above for children are limited to a student whose parent is killed or dies as a result of a disability when the student was under the age of 21 or before the student was born. This bill repeals that limitation. However, the bill also provides that the UW remission for children applies only to students who are not older than 30.

The bill makes another change to the UW remission for spouses and children. The bill eliminates the restriction under current law that provides that the remission
